Hi Sarvy,

Our office of council has gone through the docs, and now I have to go through them as well as their comments. Hopefully I'll have comments out within the next couple weeks.

All the best,

Shannon Pankratz

Hi everyone, I'm just now returning from maternity leave and catching up on emails.

Any concerns regarding this latest request? Or are we getting close to approval on the request?

Thanks, and I hope you all are having a nice holiday season.

-Sarvy

Dear IRT,

I want to apologize for any confusion related to the BEI Amendment(s) that we are requesting for the Petersen Ranch Mitigation Bank ("Bank").

We are hereby re-instating our original request dated December 4, 2017 to process an Amendment to the BEI solely for the purpose of introducing the San Fernando Spineflower into Area F of the Bank. We are withdrawing our request to combine the changes required for the Devil's Gate dam Permittee Responsible Project (PRM) in Area D of the Bank with the existing BEI Amendment to accommodate the Spineflower Introduction. The BEI Amendment for the Devil's Gate PRM project will be processed in a separate Amendment to the BEI, along with an updated Bank infrastructure map.

I would like to provide some background on how we got to where we are today. In order to undertake both the Spineflower Introduction program on behalf of Newhall Ranch (by recording a separate easement over the introduction area in Area F of the Bank) and the Devil's Gate PRM project on behalf of LA County Flood Control District, we need the IRT's approval for these tasks:

- (1) To remove the underlying credits in the Spineflower Introduction easement area and the PRM project area from the Bank ledger so we don't sell them twice; and
- (2) to revise the development and mgmt. plans for the Bank to state that the Spineflower Introduction and PRM project areas will be managed separately.

We had consolidated the BEI Amendments for the Spineflower Introduction and Devil's Gate PRM project into a single Amendment, thinking that this would reduce the IRT's workload and streamline the approval process. We are now separating these into two Amendments and are hopeful that the existing BEI Amendment to accommodate the Spineflower Introduction can be expedited.

Finally, it is our understanding that our BEI Amendment submittal package for the Spineflower Introduction is complete, as we provided a fee for a complex amendment and provided electronic copies of the Spineflower Introduction Plan in January. Can you please confirm?

Please let us know if you have any questions or require additional information. Finally, Newhall Ranch has requested an expected approval timeframe. Can we please schedule a call to discuss next steps?

I am re-sending Nate's March 14th email that has all of the redlined documents related to the Spineflower Introduction for your review.

Thank you again!

Sincerely,

PETERSEN RANCH MITIGATION BANK

Tracey Brownfield

Dear IRT,

I hope all is well.

I believe the sponsor has informed all of you about the proposal for introduction efforts for San
Fernando spineflower a federal and state listed species onto Area F of the Petersen Ranch Mitigation
Bank. Jan, this is on the Elizabeth Lake side, so will not effect any of the Lahontan Board Credits but
I am including you as part of the IRT.

Attached to this email is a proposed Amendment to the BEI to accommodate the introduction efforts. All
areas subject to the amendment have been deducted from crediting. I have also attached track changes
documents showing the changes to the reports. A hard copy of this amendment is being sent to you Warren
along with a Bank Submittal Form and a check for the Minor Amendment Review Fee. If any of the other IRT
members would like a hard copy, please let me know and I will mail one to you.

The agreement for introduction of Spineflower is intended to be recorded upon approval of this amendment by the IRT and has within it a target recordation date of April. I hope this is a reasonable approval period, but please let me know if there are any concerns about that timing.

Please reach out to me with any questions or comments, and to schedule an IRT meeting (if needed).

Thank you,

Nate
